**Hayes Family Wines** is a small-scale, family owned and run wine producer located in Stone Well in the heart of the Barossa Valley. Our multi-generation vineyards have an enviable track record of producing some of the region's finest wines. Our wines are made with thought, using organic, sustainable and traditional low-intervention practices, whilst embracing innovation. We have an uncompromising focus on producing the best wines possible; wines that display fruit purity, balance and ageability.

### **2018 Adelaide Hills Pinot Noir**

Sourced from old vine Pinot Noir grown high in the Adelaide hills on the former Seppelt Partalunga vineyard. The vineyard was planted circa 1980 to a variety of grapes, but it is Pinot that we source. The connection with Andrew was too strong to ignore. Handpicked fruit was fermented in small open top fermenters before being aged in a mix of new and used French oak Hogsheads. Bottled in late December 2018 to retain the fresh cherry characters that are a signature of this vineyard and its MV6 and Pommard Clones. Highly structured, a wine that will benefit from a good stint in the cellar.

This wine is bright, lifted florals, red fruits, cherry, medium bodied with a backbone of fine tannins. A wine that is drinking well on release but will benefit from some time in the cellar.
