2019 RESERVE SHIRAZ

GROWING SEASON

The 2019 Barossa Valley vintage is shaping up to be a stand-out, with very high quality across the board but with significantly below average yields. The growing season started dry and stayed that way. In September, the Barossa Valley experienced below average maximum temperatures which delayed budburst and early vine growth. Frost was a constant threat with two bad frosts in our Ebenezer vineyards in late September and early November. Stone Well escaped the frost. If the frosts and dry conditions were not enough, the flowering period was windy and unsettled, and a hailstorm on 22 November topped it all off. By the end of March all our Barossa Valley grapes were harvested – one of the earliest on record.

Resulting yields were variable; in most vineyards below average, in many well below. The good news is that flavours and colours (in reds) and overall quality is exceptional. A truly great Barossa vintage in the making.

TASTING NOTE

Our 2019 Reserve Shiraz from the great 2019 vintage comes from Block 9, our Hillside Block of our Estate Vineyard in Stone Well. The vineyard is Certified Organic. The soil in this section of the vineyard is shallow gravelly loam over limestone. This block runs east to west and naturally crops very low.

The wine has all the hallmarks of the Stone Well area - bright purple red hue, blackberry and earth, medium to full bodied. The dense fruit is balanced by abundant natural tannins which keeps everything in check. A wine that will cellar for as long as you like in the right cellar conditions.
